

QD UNI LASER SYSTEM QUICK DETACHABLE UNIVERSAL

•Ambidextrous slide switch •Simple X & Y adjustments •T6 aluminum construction •Proven round body design easily adapts to optional remote switch for long gun mounting •Low-profile design fits into almost any nylon holster •Class IIIa 5mw, 650 nm •(2) A76 battery operation - 1.5 hours continuous on •Fits: all 3" subcompact pistols with rails & all other weapons with rail systems

0923740 FSM-00QD-140
Sugg.Ret. \$99.95

\$79.95

S.C.V2 SUB COMPACT VERSION 2

•True subcompact laser •Quick detachable rail system •Integrated lock bar •Low-profile design •Simple X & Y adjustments •T6 aluminum construction •Push-button activation •Class IIIa 5mw, 650 nm •(3) 393 battery operation - 1.5 hours continuous on •Fits: all subcompact pistols & all railed pistols & rail systems

0923741 FSR-00V2-140
Sugg.Ret. \$149.95

\$129.95

CLASSIC UNIVERSAL LASER SYSTEM

•Reintroduction of the original trigger guard model •50% smaller black, round laser body allows for a decreased profile which makes an even more stable platform for more accuracy •Kit includes: Black, round laser body, mounting bracket w/ambidextrous slide activation switch, tool kit, (2) A76 batteries & instructions

0924069 FSM0PLW-140
Sugg.Ret. \$79.95

\$59.95

SUBCOMPACT LASER & FLASHLYTE SYSTEM

•Smallest laser & light package available •Features the best-selling Subcompact V2 Laser System paired w/the Flashlyte System •Fits all subcompact pistols w/rails •3 mounting options for maximum versatility •Use the laser & light individually or together

1604900 LL-1
Sugg.Ret. \$199.95

\$179.95

LASER TRAINING SYSTEM

•Hammer activated (sound activated) laser •Universal fit in all pistols & rifles •Includes four adapters (from .22 to .50 cal.) •Bright, 650nm laser •Daylight laser target

0924100 LT-1
Sugg.Ret. \$79.95

\$69.95

GLOCK® REAR SIGHT LASER

•For all Glocks •Works w/all level 1 & 2 holsters •Emissions indicator •Ambidextrous activation switch

0924099 RL-1
Sugg.Ret. \$199.95

\$179.95

SUBCOMPACT FLASHLYTE SYSTEM

•Smallest weapon light available •Fits all subcompact pistols w/rails •Small enough to fit in a nylon holster •3 super bright LEDs are powered by 4 A76 watch batteries •25 Lumens •Over 1 hr. run time

1604899 WL-1
Sugg.Ret. \$79.95

\$59.95

PISTOL BAYONET

•Universal quick detachable design •Steel blade by Ka-Bar® •Fits all medium to large frame pistols w/rails •Full tang design •Custom polymer sheath included

1023368 PB-1
Sugg.Ret. \$39.95

\$34.95

SHOTGUN TRI-RAIL MOUNTING SYSTEM

•Lightweight, durable, aircraft-grade aluminum •1913 Picatinny-type rail system •Positions 3 Picatinny rails at front end of shotgun •Mount lasers, flashlights, works great with FSL •Easily mounted on magazine tube of most popular 12-ga. pump-actions •Attaches in minutes with 2 machine screws •Takes up less than 1.5" of space ahead of forend •Fits any 1" dia. shotgun magazine tube •Use with or without heat shield •Mount on magazine extension tubes or on stock tubes •Matte black

0922069 ADP-TRIR-140
Sugg.Ret. \$29.95

\$25.95

UNIVERSAL LASER BORE SIGHTER

•For .22-.50 calibers •Precision calibrated to insure accurate alignment of any scope or iron sight within minutes •CNC machined aircraft aluminum •6" long, weighs 1-1/2 ozs. •Includes: adapters, batteries & instructions

0919284 LBS-0006-140
Sugg.Ret. \$64.95

\$54.95

RAIL ADAPTOR

•Changes grooves into Picatinny/Weaver type rail, •Allows mounting of any LaserLyte® clamping laser systems onto rail including LRS & FSL
